	12.02%vol.	17.4g/l	3.37	7.11g/l	0.30g/l	32mg/l	83mg/l	4.0g/l

Source of Grapes:

Western Cape, South Africa

Harvest dates:

1st Week of February 2019

Winemaking:

Our 2019 Rose was made using 100% Free run juice in order to minimize colour and phenolic extraction from the skins. The juice was settled over night prior to inoculation with a cultured yeast and cold fermented to enhance the aroma and flavour profile of the wine

Maturation:

The wine was matured for 1 month on it's gross lees in stainless steel tanks. The wine was stabilized using only bentonite and a light filtration prior to bottling.

Tasting note:

Pale pink in colour with aromas of raspberry, strawberry, watermelon, cotton candy and citrus. The palate is crisp and bursting with flavours of summer fruits, finishing with a distinctive, savoury minerality.

CHEERS!
